China Resources Enterprise, Limited & Kirin Holdings Company, Limited

Joint Press Conference

24 January 2011

Birth of China's New Beverage Leader
China Resources Enterprise, Limited (“CRE”) and Kirin Holdings Company, Limited (“Kirin”) are pleased to announce the exciting formation of a 60% / 40% JV focused on non-alcoholic beverages in Greater China\(^{(1)}\). CRE and Kirin will each contribute their respective existing non-alcoholic beverage operations in the Chinese Mainland to the JV.

Note:
1. Includes the Chinese Mainland, Hong Kong and Macau; Excludes Taiwan
Transaction Rationale

This new JV is a win-win partnership that marries the strengths of CRE’s expertise in multi-format retail and product distribution and know-how in China with Kirin’s extensive product portfolio and established R&D capability. The goal is to accelerate the development of the JV into a leading player in the rapidly growing non-alcoholic beverages market in China.

- **Leverage CRE’s Extensive Distribution Network, Expertise and Knowledge on the Greater China Market**
  - Nationwide distribution network
  - Vanguard – #1 supermarket chain
  - CR Snow – #1 single beer brand globally by volume
  - C’estbon – #1 market share for packaged water in Guangdong Province
  - Ng Fung Hong – largest Chinese foodstuff supplier in Hong Kong

- **Harness the Collective Strength of the China Resources Family of Group Companies**
  - Extensive experience in the Greater China market
  - Potential synergies with other group companies and business units

- **Extensive Track Record of Successful JVs and Long-Term Partnerships with Foreign Partners**
  - CR Snow – JV with a leading international brewer
  - Pacific Coffee – JV with Chevalier Pacific
  - Past JV with ESPRIT

- **Leading Non-Alcoholic Beverage Producer in Japan**
- **Extensive International and Operational Expertise**
- **Rich and Diverse Product Offering**
  - Diversified product offering – including tea, coffee, functional beverages, carbonated beverages as well as fruit and vegetable drinks

- **Strong Operational, Technical and R&D Capability**
  - Extensive new product development capability – on average 77 new SKUs p.a. for the past 10 years
  - Core technologies, such as “sterilized filling”, “tea extraction”, etc.
  - Accelerate product development for the China market

“Birth of China's New Beverage Leader”
Transaction Highlights

1. **Accelerate Development of Leading Non-Alcoholic Beverages Producer**
   - Enrich the combined product offering with Kirin’s research and development and CRE’s market knowledge of local tastes and local know-how

2. **Leverage CRE’s Existing Distribution Network**
   - Enhance the distribution of Kirin’s existing China product offerings
   - Benefit from more quickly achieving scale economies

3. **Synergistic Combination**
   - C’estbon enjoys dominant position in the packaged water business in Guangdong Province while Kirin mainly focuses on Eastern China
   - The locations of the production facilities as well as the distribution network of the two businesses complement each other

4. **Enhanced New Product Development Capability**
   - A R&D center in China will be established to support the development of JV products. Kirin will send secondees from Japan to provide support to the product development of the JV.

“Birth of China's New Beverage Leader”
Robust Industry Dynamics

The rapid growth of China’s non-alcoholic beverage consumption has even outpaced China’s GDP growth and this growth trend is expected to continue with the increasing affluence and rising consumption of Chinese consumers.
